Subject: RE: Cook Wholesale Payments

Hi Judy!!

The promotional payments for Cook Wholesale keep coming to me at home in my weekly mail to be hand delivered, even though I always check the box on the voucher request forms for them to be sent directly to the account.

If this option is still possible, could you please check on this for me and have all future checks mailed directly to Cook's when they are issued?

They would get the payment much sooner than I can get it to them due to their distance from the rest of my calls, and my inability to anticipate when the checks will arrive here.

Thanks for your help!!

Barry.
